All of our employees have completed the necessary training, and have theoretical knowledge as well as practical experience. By bringing in these workers, your (project) organization will also have professional support available at the fire prevention level.

By assigning fire-related topics to a professional organization like Disc, you are guaranteed quality. Moreover, your own managers and supervisors can concentrate completely on their primary tasks.

If desired, it is possible to arrange an interview with our workers. Upon receipt of written confirmation of the job, we will coach our workers based on your expectations, and the work in collaboration with you will commence.
