## Service Information Sheet

### Establishing a safety organization within the rail infrastructure

#### Objective

Providing health & safety support during the design, implementation, and operational phases within the rail sector by bringing in the knowledge and experience of specialized and diploma-qualified personnel to form a safety organization.

#### Description

In order to guarantee optimal safety within the rail sector, specialist knowledge and experience are necessary. Disc has the necessary experience in terms of health & safety within the rail sector. Considering our years of experience with large infrastructural projects, we can assist you with establishing and maintaining an appropriate safety organization, where all the required jobs are filled.

#### Approach

Should you choose Disc as your partner, you can be certain that we will establish an organization with care that has experience in the field and is familiar with your branch's line of work. Additionally, not only does education level play a role, but certainly competencies, experience, and communication skills as well.

Below are some of the services provided:

- Assessing contract demands.
- Anticipating the requirements with respect to health & safety.
- Selection and placement of specialized personnel.
- Establishing the necessary documentation and procedures.
- Any introduction of tools such as auditing systems, inspection systems, and accident registration customized for the client.
- Placement of a safety organization in accordance with the NVW.

*If desired, the set of services can be customized after consultation with the client.*

#### Price Indication

We hire out our experts within your organization based on hourly rates. For this service, these rates range anywhere between €40,- and €90,- per hour, during normal business hours.

This rate, however, does not include:

- VAT.
- Travel and lodging costs.
- Equipment costs.

If desired, we can generate an estimate of the total anticipated costs for your health and safety project.

*For each request, a formal quote will be provided.*
