## Service Information Sheet

### Worksite Safety for Design Tasks (WS-D)

#### Objective

Providing support for and advising the H&S Coordinator – Implementation Phase on environmental health and safety aspects.

#### Description

The Preparer of Worksite Safety Design (Worksite Safety for Design Tasks) is responsible for designing a safe working environment. Administrative measures stem from a hygienic work strategy. The design plans for a safe workplace are necessary for making an out-of-service request.

Below are some of the services provided:

- Evaluation of information concerning the parties involved, activities, worksite indication, work methods, schedule, communication plan, and relevant drawings.
- Designing of a safe workplace.
- Creation of a work train instruction.
- Completely and clearly transmitting the WSI request form and/or the work train instruction to the Worksite Safety for Preparatory Tasks/EH&S.

*If desired, the set of services can be customized after consultation with the client.*

#### Approach

If you would like to engage our services, we will select an appropriate staff member for you. We do this based on information you provide, such as specific experience, location, and scheduling information, etc.

Following a pre-selection, you will receive resumes from us and an open-ended offer. If desired, it is possible to arrange an interview with our workers. Upon receipt of written confirmation of the job, we will coach our workers based on your expectations, and the work in collaboration with you will commence.

#### Price Indication

We hire out our employees to your organization based on hourly rates. For this service, these rates range anywhere between €75,- and €85,- per hour, during normal business hours.

This rate, however, does not include:

- VAT.
- Travel and lodging costs.
- Equipment costs.

*For each request, a formal quote will be provided.*
